

I am very excited to share with you a November Project to tie in nicely with our Bucketfilling/Character Education Program. Starting November 1st and continuing until the end of November, LPC as well as LIC will be collecting food donations to donate to the Hempfield Area Food Bank. Attached is a letter overviewing this project for you to share with your students and communicate with your children's families. We will also be placing this info online and in Mr. Swantner's monthly newsletter. The letter provides a list of most needed food supplies. Please talk to your students about this project and communicate it out with your families as you feel best.....you may even wish to have this info present during conferences if you would like. The wonderful ladies downstairs have also been busy assisting in making classroom charting buckets for you to utilize in tracking daily collection counts of food collected by your students. Please have students bring food supplies to cafeteria and place in designated location as you see fit. Thank you in advance for yo
